# INTRODUCTION

This document aims to jump-start your exploration of *Udemy for Business* by listing recommended courses. Although we provide recommended courses, we encourage you to fully explore the *Udemy for Business* courses and work with your supervisor to build your Learning Development Plan to achieve your goals. Be sure to follow your supervisor's requirements about using *Udemy for Business* and follow the requirements in PPG 205: Online Training Provided by External Providers.

## About the Course Recommendations

As part of the Countywide Succession Planning Program, each Management Appraisal and Performance Plan (MAPP) manager is evaluated on 30 leadership competencies. Based on these results, a plan is created to address the MAPP manager's competency development needs. To support the creation of these plans, this Guide recommends *Udemy for Business* courses that link to the lowest-rated leadership competencies Countywide. These competencies are listed below.<sup>1</sup>

- |                          |                               |
|--------------------------|-------------------------------|
| 1. Financial Management  | 6. Political Savvy            |
| 2. Entrepreneurship      | 7. Human Resources Management |
| 3. Conflict Management   | 8. Vision                     |
| 4. Technology Management | 9. Strategic Thinking         |
| 5. External Awareness    | 10. Creativity/Innovation     |

Please note that this focus on the competencies with the lowest *aggregated* ratings Countywide may not perfectly align with your individual MAPP leadership competency development needs. We invite you to peruse these recommended courses with a mindset open to identifying courses that may bridge your development gaps or enhance your existing areas of competency strength.

The primary linked competencies are indicated in the information provided for each recommended course, and full competency definitions are provided at the end of this Guide.

# COMPETENCY DEFINITIONS

## Top Countywide Competency Development Needs<sup>3</sup>

Competency	Definition
<b>Conflict Management</b>	Identifies and takes steps to prevent potential situations that could result in unpleasant confrontations. Manages and resolves conflicts and disagreements in a positive and constructive manner to minimize negative impact.
<b>Creativity/Innovation</b>	Develops new insights into situations and applies innovative solutions to make organizational improvements; creates a work environment that encourages creative thinking and innovation; designs and implements new or cutting-edge programs/processes.
<b>Entrepreneurship</b>	Identifies opportunities to develop and market new products and services within or outside of the organization. Is willing to take risks; initiates actions that involve a deliberate risk to achieve a recognized benefit or advantage.
<b>External Awareness</b>	Identifies and keeps up to date on key local, state, and national policies and economic, political, and social trends that affect the organization. Understands near-term and long-range plans and determines how best to be positioned to deliver highly effective programs and services to meet the needs of the public.
<b>Financial Management</b>	Demonstrates broad understanding of principles of financial management and marketing expertise necessary to ensure appropriate funding levels. Prepares, justifies, and/or administers the budget for the program area; uses cost-benefit thinking to set priorities; monitors expenditures in support of programs and policies. Identifies cost-effective approaches. Manages procurement and contracting.
<b>Human Resources Management</b>	Assesses current and future staffing needs based on organizational goals and budget realities. Uses merit principles, and ensures staff are appropriately selected, developed, utilized, appraised, and rewarded; takes corrective action.
<b>Political Savvy</b>	Identifies the internal and external politics that impact the work of the organization. Approaches each problem situation with a clear perception of organizational and political reality; recognizes the impact of alternative courses of action.

<sup>3</sup> Competencies with the lowest aggregated ratings from the 2017-2018 Program Cycle; listed in alphabetical order

Competency	Definition
<b>Strategic Thinking</b>	Formulates effective strategies consistent with the business and competitive strategy of a service organization in a global economy. Examines policy issues and strategic planning with a long-term perspective. Determines objectives and sets priorities; anticipates potential threats or opportunities.
<b>Technology Management</b>	Uses efficient and cost-effective approaches to integrate technology into the workplace and improve program effectiveness. Develops strategies using new technology to enhance decision-making. Understands the impact of technological changes on the organization.
<b>Vision</b>	Takes a long-term view and acts as a catalyst for organizational change; builds a shared vision with others. Influences others to translate vision into action.
