

How your health plan helps you handle COVID-19

Here are just a few ways you can count on your benefits right now

Coronavirus is a type of virus that causes respiratory illness — an infection of the airways and lungs. COVID-19 is a new strain of coronavirus. It's part of the same family of coronaviruses that includes the common cold. Find out more about it and how you can look after yourself and those you care about at anthem.com/ca/coronavirus or the CDC website at cdc.gov/coronavirus.

What your Anthem benefits will cover

Symptom checks and doctor visits from home

The free Sydney Care mobile app is a quick and easy way to get health answers — without leaving home. The app includes a Coronavirus Assessment tool that's designed to help you check your potential risk in just minutes.

You can assess your symptoms, and then, if you choose to, the app will connect you to a doctor through a LiveHealth Online video session or a Virtual Care text session right from your phone. The doctor you chat with or see can evaluate your symptoms, help you understand whether you're at risk for COVID-19, and tell you if you should visit a local health care provider in person for COVID-19 testing.

Download the Sydney Care mobile app from the App Store® or Google Play™ today.

Telehealth benefits

Your telehealth benefits have expanded to include telehealth visits by phone with the primary care doctor in your plan until further notice.

Virtual Care text sessions and telehealth visits through LiveHealth Online or other telehealth technologies that primary care doctors in your plan use are available to you at no cost until further notice.

Anthem will also waive cost sharing for phone or video telehealth visits with doctors in your plan.

Most plans include telehealth as part of their benefits.

COVID-19 testing

If you need a COVID-19 test, it's covered — with no out-of-pocket costs. We'll also cover the visit where you get the test, whether that's at a doctor's office, urgent care center or emergency room.

Early prescription refills

If you have an Anthem pharmacy plan, you can get a 30-day emergency refill early, where permitted, for most maintenance medications.

If your plan includes a 90-day home delivery pharmacy benefit, talk to your doctor about changing to a 90-day supply of your prescription. And you can get it delivered right to your door. If you have questions, call the Pharmacy Member Services number on your ID card.
