Health and Wellness **Incentive Program**

COUNTYWIDE Nelnegg PROGRAM.

What's New for 2024

The Health and Wellness Incentive program has expanded to include wellness activities that encourage employees to invest in their well-being by taking steps to prevent or manage chronic conditions and improve their physical health.

- To qualify for the \$100 Health and Wellness Incentive, participants must complete the **Biometrics Screening**, online Health Risk Assessment, and Wellness Activity (New for 2024) as defined by the member's medical carrier. Instructions for how to complete the new wellness activity are listed below by medical plan carrier.
- In addition, Anthem Blue Cross-covered employees will also need to confirm the completion of their • biometrics in the Employee Wellness Portal at lacountygetsfit.com. See page 5 for more information.

Take The Stairs	Take Brisk 10-Minute Walks	Eat Heart-Healthy Veggies
Want to squeeze more exercise into your day? Try taking the stairs whenever you can. Building more movement into your daily routines can help you get the benefits of regular exercise even when you can't make it to the gym.	A few brisk walks a day can help you boost your mood, sleep better, and lose weight. How do you know you're walking fast enough? You should have enough breath to talk as you walk, but not enough to sing a song.	A vegetable-rich diet can benefit your health, from head to toe — including your heart. Shoot for two to three cups of vegetables per day.
